Emotional Support Animals Suitemate/Roommate Agreement

Roommates to those who own ESAs also have rights. After the ESA Owner completes the ESA registration and approval process, each roommate impacted by the presence of an ESA will be notified and required to complete a Roommate Agreement Form. All roommates should provide their written agreement for the animal to reside in their suite/room. In the event of one or more roommates does not agreeing, the ESA Owner may request to move placement to a different residence hall. The Offices of Disability Student Services and Residence Life will work together to provide reasonable accommodation as quickly as possible in such cases.
